

YILGARNIA WINES

Vintage Report 2006

The 2006 vintage was extremely difficult. The spring started as usual but as it progressed the weather remained wet and cool. This weather pattern continued through the full growing season, resulting in a very late vintage.

Vintage for our Chardonnay was four weeks later than any previous year. The Chardonnay along with all our whites did well under these conditions. The fruit fully ripened, was sound with great flavours.
